## Gulliver's Travels

My father had a small house in Nottinghamshire. I was the third of five sons. When I was seventeen years old, I was sent to Mr. James Bates, a well-known doctor in London, with whom I worked and studied for four years. When I left Mr. Bates, I began to work as a ship doctor on the Swallow. (11) A After that I decided to stay in London. I bought a part of a small house and married Miss Mary Burton. But life in London was not easy. (12) e. I spoke to my wife and some of my friends, and decided to become a ship doctor again. I agreed to go with Captain William Prichard, who was making a voyage to the South Seas on board the Antelope. We started from Bristol on the 4th of May, 1699. (13) B. But when we were sailing across the Indian Ocean, a terrible storm began which carried our ship to the east for many days. Twelve of our sailors died of hard work and bad food, the others were ill. On the 5th of November which was the beginning of summer in those parts, our ship struck a rock. (14) D. I cannot tell what became of my companions, and of those sailors who remained on the ship and on the rock, but I think that they were all drowned. I swam where the wind and the waves carried me. I was very tired, but just when I could swim no more, I felt the bottom with my feet. (15) C. I walked a little inland, but didn't see any houses or people. I lay on the grass, which was very short and soft, and slept more than nine hours.

**Task 2. Read the article about a film called Dinosaur Island and then answer the questions. For questions 16 – 20, mark A, B, or C.**

### Film review : Dinosaur Island

#### George

I went with my younger brother to see this film. I had a great time, but he didn't. He had to close his eyes in some parts because the dinosaurs looked so real and he didn't laugh once. I thought the story was really exciting and the clothes were amazing. I'd like to buy the DVD and watch it at home too. The beginning and the ending were excellent!

#### Cathy

I saw the advertisement for the film on TV and it looked great but it wasn't as good as I hoped. I loved the beginning but the second half was boring. I think, I wouldn't go and see it again. I like films about teenagers and their lives much more. I think those are funnier. I've bought a brilliant book about film-making. I'd love to be a famous actress one day and wear lots of wonderful clothes.

#### Andrew

I didn't want this film to end because I liked it so much! I read this story before I saw the film. I usually enjoy the books more, but this time it was the opposite! I enjoyed feeling afraid but I laughed a lot in parts of the film too. I read all about how they made the dinosaurs on the internet after I went to see it. I think most young people will love seeing this film!

16. Who enjoyed the second part of the film less than the first?

- A) George     B) Cathy    C) Andrew    +

17. Who thinks the film is even better than the book?

- A) George    B) Cathy     C) Andrew    +

18. Who liked the costumes that the actors wore?

- A) George     B) Cathy    C) Andrew    -

19. Who found out about how the film was made?

- A) George     B) Cathy    C) Andrew    -

20. Who went with someone who was afraid in some parts of the film?

### Laughter is the best medicine

Every week, Dr. Doppit goes round the wards at the children's hospital. But instead of a white coat and a stethoscope, Dr. Doppit has a red nose and carries balloons. She is the hospital's "clown doctor" and her real name is Hilary Day. After studying drama at university, Hilary saw an advert for a clown doctor at the hospital. "The job was perfect for me," she says. "My mother and grandmother were both nurses, so caring for people is in my blood. Also, I love doing children's theatre." Before she started, Hilary did four weeks training, where she learnt how to do magic tricks and make balloons into funny shapes. She also had to study child psychology and basic medicine. Her visits to the hospital start with a meeting with the nursing staff to find out which patients a visit will be most useful for. Most children are delighted to see a clown, but there are some who are too ill, or are afraid of clowns. Hilary always checks first. Then she does some magic, makes balloon animals or tells them a story. "We know that laughing can have a positive effect on a person's health," says Hilary. "It produces chemicals in the brain that make you relax and feel better." Everyone agrees that regular visits from Dr. Doppit can make a big difference to a child's recovery. "Children in hospital miss their everyday life at home and at school," says one hospital manager. "As well as possibly being frightened and homesick they are often bored. The clown doctor gives them something to look forward to and happy memories to take home afterwards."

16. What is the writer's aim in this text?

- A) to describe a typical day in a children's hospital
- B) to explain a method of helping young patients
- C) to encourage doctors to learn some circus skills
- D) to show students how to get a job in a hospital

17. Why was Hilary particularly suitable for the job of clown doctor?

- A) She had studied medicine at university.
- B) She already knew how to do magic.
- C) She enjoyed working with children.
- D) She had been a nurse in a hospital.

18. Before Hilary starts, the staff tell her which children

- A) have asked to see her.
- B) are going to leave the hospital soon.
- C) want to hear a particular story.
- D) will benefit most from her visit.

19. The hospital manager thinks that Dr. Doppit's visits

- A) are useful if the parents can't visit.
- B) help children get better more quickly.
- C) might be frightening for some children.
- D) help the children forget they stay in hospital.

20. Dr. Doppit can influence

- A) parents' behavior.
- B) nurses' work.
- C) kids' getting better.
- D) hospital manager's decisions.

WRITING

Hello there! My name is Krusha and I'm fourteen. But my friends like to call me Kshu.

For me, computer games are very interesting. They can be any genre! But, all has its pluses and minuses. For example, a game's story and characters. It can be very deep and intriguing! About disadvantages: With time, game can become boring and tiring for you. But after all, you can come back later! Also, it can take a lots of time of yours to play game to the very end.

I like playing games all genres, especially, card strategy (like Reverse 1999; actually, it's all in English!) and sandboxes like Cooking Simulator: it's very relaxing after tough day. I'm also fond of rhythm games like Pianista or something. You have to be very fast and attentive!

So, my verdict is, computer games are very exciting. You can play with your friends with similar interests and meet new people as well! But you also don't have to forget about playing board games with your family or friends. It's also very delighting!
